Best album for New Age/Ambient/Chant

OCEAN Dreaming Ocean

David Darling and Hans Christian

This ethereal collaboration offers a sonic and emotional voyage expressed so elegantly by master cellists David Darling and Hans Christian. There is profound richness on all levels—musically, emotionally, and spiritually while diving to a level of depth that only these two can uncover.

*"It's a masterful release
full of the deep mood and luminous effect
that is at the core of both artists."*
